

PROGRAM/PROJECT FACT SHEET

PROGRAM/PROJECTS: Competency Assessment and Certification

DESCRIPTION/ OBJECTIVE

The program aims at assessing and certifying the competencies of the middle level skills workers. The assessment process is done to confirm that a graduate or worker can perform to the standard expected in the workplace based on the defined competency standards. This ensures the productivity, quality and global competitiveness of the middle-level workers.

To improve the quality of the Filipino workforce by way of increasing their level of competencies and enhancing their employability.

TARGET CLIENTS

- Students
- Trainers of TVIS, LGUs, GAs, private enterprises with registered TVET programs, and DepEd trainers
- Workers, industry practitioners, professions, and/or career shifters who want to undergo competency assessment
- returning OFWs/ Filipino expatriates with relevant experience who want to undergo competency assessment
- industry practitioners who are prospective competency assessors
