## **Occupational Skills Standard for**

### **CAREGIVER**

#### **INTRODUCTION**

This occupational skills standard defines the MINIMUM required stock of knowledge and competencies a skilled worker must possess to qualify as a CAREGIVER. Skilled workers are granted a National Certificate (NC) under this occupational title once they pass the competency assessment.

#### **Purpose**

1. To upgrade the level of skills of workers in the **HEALTH, SOCIAL AND OTHER COMMUNITY DEVELOPMENT SECTOR** with the end view of coming up with quality products/services, optimal use of equipment, tools and materials and increased productivity.
2. To provide employers with a structured basis in the preparation of job specifications necessary for salary/wage administration.
3. To enhance the development of human resources through a precise assessment of skilled workers in the **HEALTH, SOCIAL AND OTHER COMMUNITY DEVELOPMENT SECTOR**.
4. To serve as a basis in the establishment of a competency assessment and certification system, which can be used for setting up of a qualified pool of CAREGIVERS ready to serve both domestic and overseas requirements.
5. To serve as basis in the development of training programs over the full range of training modalities including those of the Technical Vocational Institutions, apprenticeships, learnerships, enterprise-based training and community-based programs.
6. To facilitate the setting up of a machinery for the determination of appropriate and adequate remuneration and
7. Finally, to reaffirm the government's goal of professionalizing the skilled workers for which role the TESDA Occupational Qualification and Certification System (TOQCS) was established.

- National Certificate (NC) – a certificate awarded to an individual possessing a set of recognized competencies allotted to defined levels of qualification in the Philippine TVET Qualification Framework
- People with Special Needs (Disabilities) - a person incapable of performing specific tasks either physically, mentally and/or behaviorally.
