	Tablet	<ul style="list-style-type: none"> • Processor: 1.3 GHz or higher; • Display: 7 inches HD or higher - Resolution: at least 1024 x 600; • OS: Android 6.0 or Higher; • Memory: 1 GB RAM or higher - ROM: 16 GB or higher; • Connectivity: 802.11a/b/g/n WiFi LAN and Bluetooth 4.0; and • with SIM and Memory Expansion Slot; • Battery: 3400 mAh or higher. • Charger Voltage Compatibility: 220V - 240V; 60 Hz • Power Plug: US Type 	<i>TESDA retains the technical specification of the item stated in the Bidding Documents.</i>

- Kindly refer to the revised Section VII of the Bidding Documents incorporating the amendments on the abovementioned items.

2. On the query on the packaging of tools and equipment (General Conditions of the Contract [GCC] Clause No. 1 of the Bidding Documents)

ORIGINAL	AMENDED
<p>All items per lot/qualification must be packaged with a label. Each box must correspond to one (1) lot and contain all the items in that lot since the bidding is on a per lot basis. The winning bidder must ensure that the items are properly packed and secured in a lightweight but durable box that is strong enough to withstand stress and damage during delivery and even usage by the beneficiary. The maximum stacking level for the boxes to support a static load over time must be specified.</p> <p>The special packaging must be lightweight and portable, and composed of durable plastic or aluminum. It should not be packed in a carton box as this is less durable than plastic or aluminum, and can be susceptible to mold, fire and water damages due to weather, among others.</p> <p>Each packaging box must be labeled individually with water resistant sticker paper weighing 210-300 gsm. The following information must be included on the label in font size 32:</p> <ul style="list-style-type: none"> • TESDA Logo • Lot Number/Name of Qualification <p>Boxes containing items which are easily broken must be labeled "Fragile."</p> <p>The winning bidder should also indicate the violator line, "NOT FOR SALE" in the packaging box. This must be clearly seen or be visible to the eye.</p>	<p>All items per lot/qualification must be contained in one (1) package with a label. Each package must correspond to one (1) lot and contain all the items in that lot since the bidding is on a per lot basis.</p> <p>The packaging must be made of either hard plastic or aluminum to safeguard the items.</p> <p>Each package must be labeled individually with water resistant sticker paper weighing 210-300 gsm. The following information must be included on the label in font size 32:</p> <ul style="list-style-type: none"> • TESDA Logo • Lot Number/Name of Qualification <p>Packages containing items which are easily broken and damaged must be labeled "Fragile."</p> <p>The winning bidder should also indicate the violator line, "NOT FOR SALE" in the package which must be clearly visible.</p> <p>However, items with their own packing, such as ovens, welding machines, and knapsack sprayers, among others, need not be placed together with other items in the lot.</p> <p>The "NOT FOR SALE" statement and TESDA logo must be embossed on large items.</p> <p>Large items such as rakes, pick mattocks, post hole diggers,</p>

ORIGINAL	AMENDED
<p><u>Example:</u></p> <p>For Dressmaking and Tailoring, it must have special packaging like an organizer bag for the toolkits like L-square, hip curve, French curve, etc.</p> <p>For welding machines or other machine tools, it must have printed or embossed TESDA logo, bearing the "NOT FOR SALE" wording.</p> <p>For masonry, carpentry, mechanical tools, it must have hard plastic or aluminum casing with printed and embossed TESDA logo and "NOT FOR SALE" wordings.</p> <p>For hilot massage services, hard case plastic storage box/organizer with printed TESDA logo and "NOT FOR SALE" wordings.</p>	<p>wheelbarrows, and the like are also not required to be included in the package.</p> <p>The following items shall have their own special packaging:</p> <ul style="list-style-type: none"> • For welding machines or other machine tools, it must have embossed TESDA logo and "NOT FOR SALE" wordings. • For masonry and carpentry, mechanical tools must have hard plastic or aluminum casing with embossed TESDA logo and "NOT FOR SALE" wordings. • For hilot massage services, hard case plastic storage box/organizer with embossed TESDA logo and "NOT FOR SALE" wordings. • For dressmaking and tailoring, the toolkits enumerated as follows must be placed in an organizer bag made of canvas material with dark color: <ul style="list-style-type: none"> ○ Fabric cutting shears ○ Pinking shears ○ Plastic ruler ○ French curve ○ Tailors L square

For the information and guidance of all concerned.

5	Shovel		1	pc			

* Bidders must state here either "Comply" or "Not Comply" against each of the individual parameters of each Specification stating the corresponding performance parameter of the equipment offered. Statements of "Comply" or "Not Comply" must be supported by evidence in a Bidders Bid and cross-referenced to that evidence. Evidence shall be in the form of manufacturer's un-amended sales literature, unconditional statements of specification and compliance issued by the manufacturer, samples, independent test data etc., as appropriate. A statement that is not supported by evidence or is subsequently found to be contradicted by the evidence presented will render the Bid under evaluation liable for rejection. A statement either in the Bidder's statement of compliance or the supporting evidence that is found to be false either during Bid evaluation, post-qualification or the execution of the Contract may be regarded as fraudulent and render the Bidder or supplier liable for prosecution subject to the applicable laws and issuances.

All tools, equipment, gadgets and electrically operated instruments should have Standard Manufacturers Manual and/or Datasheet/Specification Sheet/Brochure as indicated in Revised Annex E1.

Instruction Manual is an instructional book or booklet that is supplied with almost all technologically advanced products such as electrical products.

Datasheet/Specification Sheet/Brochure is a document that summarizes the performance and other characteristics of a product, machine, component that comes along with the product from its release from the manufacturer.

I hereby commit to comply and deliver all the above requirements in accordance with the above stated schedule.
