Note: The number of graduates have spillover from the 2020 enrollees.

The number of regional targets include all delivery mode/training venues.

Table No. 1 shows the total number of enrolled and graduates as of November 2021. Accordingly, the calculated completion rate is 94.88%. Majority of TVET enrollees and graduates are female, with a percentage difference of 11.14% for enrolled and 9.83% for graduates, respectively. It is also evident that the number of graduates is relatively lower than the number of enrolled.

Table No. 4A shows the total number of enrollees by delivery mode, region and sex. For Institution based training, NCR has the highest number of enrollees which is 13.6% of the total output. For Enterprise-based training, Region X obtained the highest with 16.3% of the total enrollees, while Region III has 12.4% of enrollees for the Community-based. The number of registered programs in terms of training delivery influenced the results of the outputs by delivery mode/training venue.

Note: Total number of EGAC will not match the national output due to multiple selection or no selected client type of the beneficiaries.

Table 16 shows that most of the beneficiaries of various TESDA training programs are trainees/ students, which covers majority of "students." followed by farmers/fishermen, this is similar to the results of the previous quarter.
